

To Access the Parent Portal at Logan-Rogersville School District

This information will also be provided in the Parent Portal Access Notification Information letter that will be mailed to you upon request.

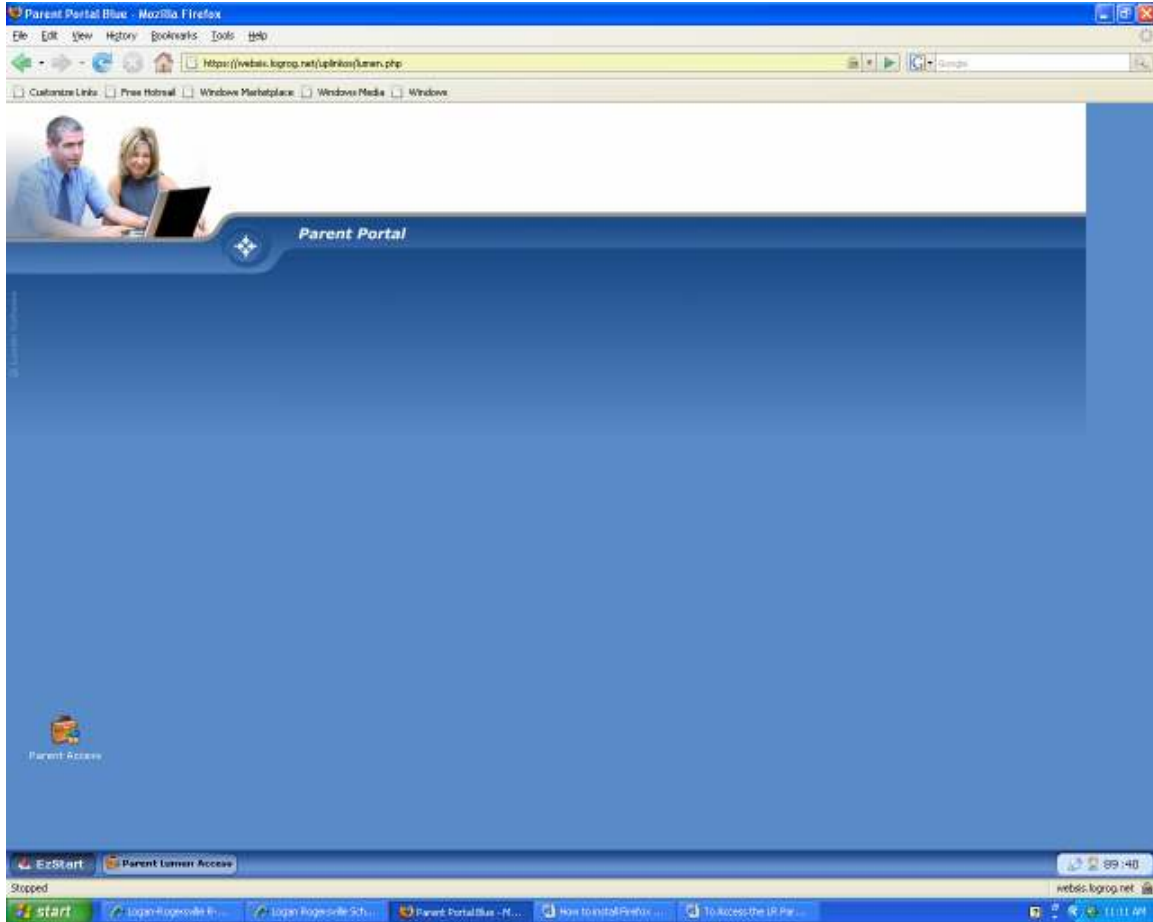

Open Mozilla Firefox and type URL <https://websis.logrog.net/uplinkos/login.php> in the top address box and hit enter.

Using the information letter mailed to you by the school, enter the following information:

- Location ID: provided in the letter as Location #
- Login Name: provided in the letter as Parent Access User ID
- Password: provided in the letter as Parent Access user Password
- Select ENTER

Your parent portal view will look like this:

At this point you can single click on the “Parent Access” icon and this will take you to your student name. Click on the student name and you will have access to the student data provided through the Parent Portal.

NOTE: You will need to read the user access responsibilities and “agree” to user’s terms before you can proceed to student information.

To exit the parent portal use EzStart > Log Out to end your session. You can then close the Firefox Internet Browser.
